

AIR INDIA INAUGURATES DAILY, NON-STOP FLIGHTS TO KUALA LUMPUR, MALAYSIA

GURUGRAM / KUALA LUMPUR, 16 September 2024: Air India, India’s leading global airline, yesterday inaugurated its daily, non-stop flights between Delhi and Kuala Lumpur (Malaysia). The inaugural flight, operated by Airbus A320neo aircraft, landed at Kuala Lumpur at 2043 Hrs local time on 15 September 2024.

Kuala Lumpur makes Air India’s sixth destination in Southeast Asia, further strengthening its presence in the region and a steadily expanding global route network. Air India’s service to Kuala Lumpur offers a new flight option to an increasing number of travellers between India and Malaysia, and it opens new connections for Malaysian travellers to access Air India’s worldwide network that spans five continents.

Nipun Aggarwal, Chief Commercial Officer, Air India, said: "As we inaugurate our Delhi-Kuala Lumpur route, we are not just connecting two cities; we are contributing to the growing exchange between two rich cultures and supporting bilateral trade and tourism. We look forward to welcoming guests aboard from India and Malaysia, as well as from North America and Europe who will now find a convenient way to connect to and from Kuala Lumpur via our hub in Delhi."

Air India’s new flights to Kuala Lumpur enable seamless, same-terminal, one-stop connections for travellers from North America and Europe via Delhi.

About Air India:

Founded by the legendary JRD Tata, Air India is a pioneer of Indian aviation. Since its first flight in 1932, Air India has built an extensive global network that spans 29 countries across five continents, connecting India with major destinations in USA, Canada, UK, Europe, Africa, Asia Pacific, Australia, and the Middle East.

After its homecoming in 2022, from the Government of India to the Tata group, Air India embarked on Vihaan.AI, a five-year transformation journey, with a vision to be a global airline with an Indian heart. The first two phases of this transformation, 'Taxi' and 'Take-off', were focused on fixing the basics and building foundations for growth. The airline has now entered the 'Climb' phase, which will focus on achieving excellence in operations and customer experience.

A member of Star Alliance, the largest global airline consortium of leading international airlines, Air India offers seamless connectivity to passengers as a full-service global airline, while its wholly owned subsidiary Air India Express operates as a low-cost airline flying within India and nearby countries.
